Insurance questions?
Call our main Rochester Hills office at (248) 216-1008 and ask for the Billing Department.

IMPORTANT INSURANCE DISCLAIMER

This list is intended as a general guide to the insurance plans our practice may accept. Individual plans within these insurance companies may have different coverage provisions, network requirements, specialty restrictions, referral requirements, and other limitations.

Your insurance coverage is a contract between you and your insurance carrier, so it is the patient's responsibility to check benefits and coverage with their insurance provider. Patients are strongly encouraged to contact their insurance provider directly to verify that our office and the specific treating practitioner participate with their plan.

Acceptance of an insurance plan does not guarantee coverage or payment for services. Coverage is determined by the patient's individual eligibility, benefits, plan provisions, and applicable requirements on the date of service. Verification of benefits is not a guarantee of payment.

Most insurance companies offer an online member portal or mobile app where patients can review their benefits, network participation, and coverage details.

ADDITIONAL INSURANCE PLANS

We may also accept additional insurance plans not specifically listed above, including smaller employer-sponsored plans, union benefit plans, and other regional or specialty health plans.

Participation and coverage must be verified individually. Please contact your insurance provider using the phone number on the back of your insurance card, or through your insurance company's website or mobile app.

COVERAGE AT A GLANCE

Often covered by insurance

Depending on your plan and diagnosis: consultations and office visits, EMG testing and diagnostic musculoskeletal ultrasound, epidural, facet and sacroiliac (SI) joint injections, medial branch blocks, joint injections including hyaluronic acid, trigger point injections, radiofrequency ablation, and spinal cord and peripheral nerve stimulators.

Usually self-pay

PRP, stem cell therapy (BMAC), prolotherapy, intraosseous treatment, PRP hair restoration, sexual wellness and aesthetic treatments. Our team provides cost information before you decide. HSA and FSA cards are accepted for eligible expenses.
